OpartLimitQuantity Documentation

Compatibility:

This module is compatible with version 1.6 an 1.7 of Prestashop

Installation:

1. Go to the back-office and then the "modules" menu
2. Click on "add a module" and then "choose a file"
3. Select the opartlimitquantity.zip archive which is located on your computer
4. Click on "put this module online",
5. Go to "Payment" and search for the "Op'art quote" module
6. Click on the "Install" button
7. Once the module is correctly installed, you will have a new limit quantity tab on your product sheets in the back-office.
